MEMORANDUM FOR: Deputy Director for Operations
FROM: Deputy Director of Central Intelligence
SUBJECT: Operational Directives

1. Just a reminder as you are going through your annual review of the divisions and stations to keep in mind the high priority technology transfer enjoys with the National Security Council. Stations who can contribute to our collection on that subject should be urged to devote a high priority interest to it.

2. The National Security Advisor has urged the DCI to increase resources against the technology transfer requirement in FY 1984. Adjustments in your collection efforts should be made to accommodate that requirement.
